Examiner's Statement of Reason(s) for Allowance

2. The following is an examiner's statement of reasons for allowance:

The prior art of record, i.e., U.S. Patent No. 6,006,242 to Poole et al. ("Poole"), teaches an apparatus and method for dynamically constructing electronic and printable documents and forms, wherein entities are stored in a document side by side or above or below each other (see Figure 1, item 44).

However, Poole, taken alone or in combination, fails to teach or suggest the following limitation to be considered in the context of independent claims 1, 16 and 31: *wherein the target locations for entities of each hierarchical level further comprise one of an index class, an auxiliary index class, a table, and a part.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
